

# Short-Term Mission Team Leader Training

DELTA Ministries International

**What if there was a resource that enabled your short-term mission teams to become more effective? Wouldn't it be great to have a tool that helped you multiply and equip your leaders for short-term missions?**

DELTA's Team Leader Training will give your leaders practical, hands-on instruction on building character, team unity, bridges to culture, debriefing and follow-through. Attendees will go home with practical tools they can use as they train and serve their short-term mission team.

Your leaders will be equipped to lead team trainings. They will be given curriculum helps and ideas to use in team meetings pre- and post-trip, and on the field.

*"Thank you for a great training on Saturday. I loved the practical applications you gave for everything. I heard great feedback from many of the attendees; Gayle and Jim even used the 123/ABC's last night at the team meeting. They are experienced leaders (Gayle has lead high school Mexico trips for about 15 years now) and they both commented that they learned some new things. I think the greatest outcome of the training is that many folks, who have a heart to lead, have received some of the tools they need as well."*
